

CONTECH[®]
ENGINEERED SOLUTIONS
A QUIKRETE[®] COMPANY

STORMWATER | PIPE | STRUCTURES

INDUSTRY LEADER

For more than a century, Contech has provided innovative, cost-effective site solutions to engineers, contractors, and developers on projects across North America. With a portfolio that includes bridges, drainage, erosion control, retaining wall, sanitary sewer and stormwater management products, our team is **ready to help you to design, build, and support** your next project.

STORMWATER

Helping to satisfy stormwater management requirements on land development projects

- Bioretention/Biofiltration
- Stormwater Treatment
- Detention/Infiltration
- Rainwater Harvesting

PIPE

Meeting project needs for durability, hydraulics, corrosion resistance, and stiffness

- Corrugated Metal Pipe (CMP)
- Steel Reinforced Polyethylene (SRPE)
- High Density Polyethylene (HDPE)
- Polyvinyl Chloride (PVC)

STRUCTURES

Providing innovative options and support for crossings, culverts, and bridges

- Plate, Precast & Truss Bridges
- Hard Armor
- Retaining Walls
- Tunnel Liner Plate

THE CONTECH ADVANTAGE

Supporting every aspect of your project, from concept to installation, Contech is here to help! Our extensive network of local experts offers you comprehensive project management, technical support, and customer service.

CONTECH
ENGINEERED SOLUTIONS

AGENCY/REGULATORY GUIDANCE

Our team is ready to provide you with expert advice and assistance on local regulatory requirements, resulting in faster approvals.

SOLUTION DEVELOPMENT

Our engineers can review your requirements, weigh all options, and recommend the optimal solution to integrate with your site designs.

TECHNICAL EXPERTISE

Our engineers assist by providing product-specific engineering calculations such as hydraulics, buoyancy, foundation reactions, and unit sizing.

COST ESTIMATES

We can quickly provide engineer's cost estimates to assist with your solution selection process.

SITE SPECIFIC DRAWINGS

Our engineers can provide site-specific drawings for proposals, project meetings, and submittals, helping you be more efficient with your time.

ON-SITE ASSISTANCE

Contractors know time is money, so we provide preconstruction meetings, delivery coordination, and on-site installation support to ensure a timely, smooth installation.

COMPLETE SITE SOLUTIONS

Agriculture / Irrigation ♦ Airports / Ports / Railway ♦ Commercial / Industrial / Residential ♦
DOT / Highway ♦ Energy / Mining ♦ Government / Institutional ♦ Military ♦
Parks / Recreation ♦ Reline / Rehabilitation ♦ Wastewater Management

Products are not to scale.

A TRUSTED PARTNER

Contech's experience in a variety of applications ensures optimal product integration for your project. A wide range of markets and applications can benefit from the diverse Contech family of products, industry-leading technical specialists and exceptional service. Find out more at www.ContechES.com/markets.

STORMWATER MANAGEMENT

Regardless of your project's objectives and constraints, our team of Stormwater Design Engineers, Regulatory Managers and local Stormwater Consultants are here to provide you with expert advice and assistance on your next Stormwater project.

APPLICATIONS INCLUDE:

- Bioretention/Biofiltration
- Stormwater Treatment
- Detention/Infiltration
- Rainwater Harvesting

PIPE SOLUTIONS

Contech helps engineers and contractors tackle a full range of applications with a variety of pipe material, thicknesses, corrugations, and coatings. Each of our solutions are designed for specific service life requirements, hydraulics, corrosion resistance, stiffness, and ease of handling and installation.

APPLICATIONS INCLUDE:

- Drainage
- Culverts
- Storm Sewer
- Sanitary Sewer
- Combined Sewer Overflow
- Reline/Rehabilitation

ULTRA FLO® SPIRAL RIB PIPE

HEL-COR® CORRUGATED STEEL PIPE

CORLIX® CORRUGATED ALUMINUM PIPE

BRIDGES & STRUCTURES

Contech offers an unparalleled choice of structural plate, precast concrete arch and truss bridges for vehicular and pedestrian needs.

Crossings | Culverts | Bridges | Contech

SOLUTIONS INCLUDE

- Structural Plate
- Precast Systems
- Vehicular Truss
- Pedestrian Truss
- Precast/Steel Foundations

HARD ARMOR & SPECIALTY PRODUCTS

Contech provides a range of solutions for erosion control and retaining walls. Whether you are establishing vegetation, protecting against high-shear stresses, or restricting silt displacement, you can find a high-quality and cost-effective solution with us.

SOLUTIONS INCLUDE:

- Hard Armor
- Turf Reinforcement Mats
- Geosynthetics
- Geocomposites
- Concrete & Metal Retaining Walls

CONTECH DESIGN CENTER | Design Made Easy

Contech makes it easy for you to design your own project with our convenient suite of design your own project (**DYO Project**) tools.

- Design Tools for stormwater, pipe and bridge solutions.
- A 2D/3D environment with high resolution graphics including BIM model output.
- The ability to import a PDF site plan and design a system to scale over the plan.
- Instant access to customized, project specific drawings.
- Optimizes design and layout for cost efficiency.
- Design multiple projects and save for future use.
- Share your project easily with anyone through our new project management page.
